

## IN THIS ISSUE:

**Bright Ideas:**

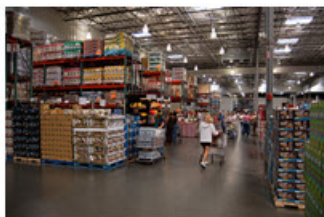

Don't forget that your ceiling fans can help cool down the summer heat. Remember to turn off ceiling fans when you leave the room. Fans cool people, not rooms, by creating a wind chill effect.

**Out & About:**

Savings on your energy bill means more energy for you to enjoy all the upcoming local events! [Check them out.](#)

**Get Discounted Wicked Tickets!**

Gexa Energy is a proud title sponsor of Gexa Broadway. Gexa Energy customers can **purchase discounted tickets to Wicked** through Broadway Across America at the Hobby Center. Secure your tickets before they sell out. Enter the special offer code: **gexaenergy.**

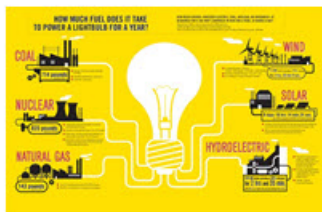

**You've Got the Power to Green Your Shopping!**

You're probably feeling overwhelmed by media talk about caring for the environment. But did you

know that making a positive impact on the environment can be as easy as thinking twice about the little choices you make in your everyday life? And it might surprise you to know that making choices that save you money can also be a major part of completing the recycling loop! Here are a few tips on how you can "green" your wallet and the environment. [Read more...](#)

**Local Architect Dedicated to Building Healthy Green Homes**

Thirty years ago, Houston architect LaVerne A. Williams became deeply concerned about what he felt was an unhealthy bias in commercial architecture toward profit and appearance over quality of life issues. So, inspired by his love of the outdoors, he decided to pour his passion into residential architecture, building homes that are earth-friendly, healthy *and* energy-efficient. Today he is recognized as one of the pioneers of "green" residential architecture. [Read more...](#)

**Infographic:** How much fuel does it take to power a light bulb for a year? Click the image to find out.
